

The following note is from the reminiscence
of Sam Super, Postmaster of Glensburg,
owner of a hardware store and all round Good
Ggg.

Don

SAVE

Flensburg, Minn. -

1975

Flensburg got its name from a man named Allen Flynn who came to set up a lumber yard where he sawed railroad ties for the railroad which was coming through.

In 1913 Flensburg was incorporated into a village, By that year Flensburg was a thriving town, we had a Bank, Blacksmith shop, 3 grocery stores, ^{school} a creamery was built in 1914, Lumber yard, 2 grain elevators, coal sheds, 2 ^{mechanic} garages, Barber shop, dance hall, Hotel, 2 potato houses, pickle factory, 2 saloons, stockyards And in 1896 our first chapel was built - Our parish was incorporated in 1902, In 1907 our present Sacred Heart Church was built. In 1953 our ^{new} Sacred Heart School was completed and ready for the fall term, Our Sacred Heart Convent was built & completed in 1957, In 1969 our school was forced to close due to the lack of teachers, ^{our present teacher Claude Sakving Hammes.} ~~the district school with~~ ^{with} ~~and now our children are~~ ^{the} ~~headed to the Little Falls Community school,~~ ^{at Little Falls, Minn.}

Potatoes was the biggest industry in the Flushing area. In one year over 1,500 carloads of potatoes were shipped out from Flushing. The potatoes came to an abrupt halt when blight hit the potato crop when prices the potato farmers out of business. Some had lost out Flushing when the grain elevator and the lumber yard was destroyed by fire.

When the depression of 1929 hit the County almost all of the businesses in Flushing were forced out of business. Most of the people came from Poland and settled around Flushing.

There isn't much left to see little village of Flushing now. Our total population is 201 - ^{the} village is mostly older retired people ^(and mostly women) live only from our church, 1 grocery store, 1 gas station and garage, a menagerie, liquor store, post office, a feed mill, Paulson's store, Finhall Hall & City Hall combined, an R.F.D. Sub Station and an evening. The biggest operation at the present is the Creamery as most of the surrounding area is almost

and doing business. 5

Can present Mayor is Walter R. Foye, the
Pura City Dept, Treasurer and 3 councilmen, our
little community is active in Church (John, Salaf
+ ~~the~~ parish council) Volunteer Fire Dept, American
Legion Post #136 - and Post but not least for
we have a baseball team!! ~~the fact you are not~~
our team make it to the finals - ~~you are not~~

Can milk is transformed to a ^{good} ~~good~~ plant at Brunswick
Minn., It make into cheese, powdered milk
and Butter - our Milk is ~~used~~ in parallel
perfectly and used in schools, hospitals + ~~the~~
and directly in stores. as Milk is only -
